

ABSTRACT

The Cultural Resource Group of Louis Berger & Associates, Inc., conducted an architectural survey at two locations within and near Dover for the Delaware Department of Transportation. Architectural investigations took place on North Street from Mifflin Road to West Street and on U.S. Route 113A (S. State Street) from Webbs Lane to State Route 10. The architectural investigation inventoried a total of 18 resources over 50 years of age at both locations. One, Eden Hill (K-125), has been listed in the National Register of Historic Places. None of the remaining 17 resources meet National Register of Historic Places criteria.
